C. Clearinghouse

As part of its mission to act as a clearinghouse of information, COSCA has developed and updated databases in the past years:

Chiefs. The online database of [Chiefs](#) (submenu under “[Find My Clan](#)”) has been updated with information regarding the title (Chief, Commander, Chieftain, or Tanist); membership in the Standing Council of Scottish Chiefs (132 of the 172 listings or 77%); whether the individual was recognized as the head of a specific clan or family (113 of the total 172 or 66%); and the identification of that clan or family group. See: <https://www.cosca.scot/chiefs>

Scots Law. COSCA conducted a review of all Records of the Parliaments of Scotland (RPS) and compiled a listing of 33 records that mention “clan” or “chief.” See: <https://www.cosca.scot/scotslaw>

Games and Festivals. COSCA converted the static webpage of Games & Festivals into a dynamic database of 165 listings, organized by US region and country (Canada and Scotland.) This includes 34 listing in Canada and 32 in Scotland. Thanks to the assistance of Mary Erwin, Chairman, Clan Irwin Association, COSCA now includes “honored clan” designations in the database.

The COSCA Clearinghouse on the website now includes twelve (12) databases, including Associations (159), Chiefs (171), IRS Clan Societies (153), Clans and Families (343), Clans/Families Facebook Pages (151), Games (165), Lifetime Memberships (70), Society News (167), Scholarships (58), Local Societies (152), Surnames (11,102, and Scottish Law (33).

D. Clan and Family Gatherings in Scotland

As a new service, COSCA now provides a listing of Clan and Family Gatherings in Scotland. Currently, 33 Gatherings are listed. (See Appendix A.)

E. Society News

Every month, the Communications Chairman skims through about 200 Facebook pages and society websites in order to research news items from clan and family societies, local Scottish heritage associations, and games organizations. As a result, 53 additional [Society News](#) items were posted in 2024. (See Appendix B.) This not only keeps COSCA informed of the activities of current and potential members but also demonstrates our keen interest and support of these groups. COSCA now receives news items directly from these organizations.

F. COSCA Updates

In the beginning of each month, the Communications Chairman compiled and distributed an e-mail newsletter called "[COSCA Update](#)." The 2024 editions were widely circulated and read:

G. Social Media

During 2024, the Communications Chairman wrote and distributed 18 public Facebook posts and 17 Instagram posts. COSCA has a cumulative reach of over 1,000 people on Instagram and over 11,000 on Facebook. The Instagram account now has 241 followers, up from 143 followers in November 2023, an increase of 68%. COSCA Facebook posts have generated a total of 1,345 followers, up from 1,193 followers in November 2023, an increase of 13%. For more details, see Appendix C: COSCA Facebook and Instagram Posts: 2024.

H. Website Audience

During this period, the COSCA website attracted 21,332 users and 146,256 views. The most visited pages were the Surname search page (34,765 views from 7,321 users), Find My Clan (19,761 views from 7,766 users), the Clan Map (6,086 views from 3,258 users), and the COSCA homepage (6,914 views from 3,807 users.) Of the total users, 13,409 (63%) came from organic searches (such as Google), 4,774 (22%) from a direct link (such as the QR code), and 1,470 (7%) were acquired from social media (such as Facebook). See Appendix D: Google Analytics 2024.

I. Personal Communication

Personal communication is critical for building relationships with current and potential members, and with the general public. The Communications Chairman personally communicated with individual representatives of 37 Scottish heritage societies and business, 19 individuals, and one media producer. (See Appendix E: Personal Communications: Scottish Heritage Societies and Businesses.) Communications covered these broad topics, excluding follow-ups:

• General Inquiry	20
• Database (clans, games)	11
• Blogs (research, clarification)	8
• Request contact info	8
• Login assistance	8
• Assistance / Advice	6
• Request reprint	6
• Membership	5
• News item	5
• Thanks / Congrats	2

J. Leadership Guide

In August 2024, the Communications Chairman alerted the COSCA leadership that the Scottish Government announced that applications for the [Scottish Connection Fund 2024-2025](#) were being accepted. The Chairman provided a draft of a funding proposal for a “leadership guide” that was suggested in February 2024. With assistance from the leadership, the final application was submitted on August 16, 2024. On November 18, 2024, COSCA was notified that the application was rejected for funding: “The panel welcomed the focus on sustainability and inclusivity but would have liked more clarity on how marginalised groups would be included and consideration given to a digital version of the guide.” I recommend that COSCA publish the *Leadership Guide* with our own funds. Please see the proposal in a separate file.

K. Virtual Clan Finder

In the coming year, the Communications Team will incorporate an artificial intelligence (AI) application into the COSCA website that will assist visitors in identifying their clan or family society, provide information, and direct them to specific websites. For an example, please see the COSCA blog [ChatGPT Historian](#). Used by Clan Maclaine of Lochbuie. COSCA’s current system does not have a “search” function and requires sorting through many pages. While generic AI apps use sources such as [Wikipedia](#), genealogy sources, and [House of Names](#), the COSCA AI will be restricted to vetted information from the clan and family societies themselves.
